MISSION STATEMENT

We, at Mechina of South Florida, aspire to develop talmidim with those character traits which create ideal B'nei-Torah. We strive to produce a successful and responsible individual by challenging their intellectual ability and academic scope. Through collective efforts we aim stimulate them to become caring, committed citizens of Klal-Yisroel.

Objectives:

- Instill Torah ideals and fine character traits that will permeate through all aspects of life.
- Instill devotion towards Torah learning so that Torah study continues to develop and grow throughout the life of each talmid.
- Provide an academic program of excellence that will enable each talmid to attend any yeshiva or post high-school institution he desires: a program that fosters thorough learning through questioning, research, analysis and expression.
- Enable each talmid to properly organize both physically and mentally the researched, read, and discussed material.
- Ensure that each talmid effectively communicates (in both the written and verbal forms) in Torah and within the four disciplines: Language Arts, Social Studies, Science and Math.
- Engender a sense of responsibility and appreciation for academic studies in this yeshiva and in his future schooling.
- Maintain an academic environment conducive to learning.

ACADEMICS

The academic program at Mechina of South Florida properly prepares talmidim to further their educational studies in yeshivos and any other post-high school institution. It is divided into two sections: Limudei Kodesh (religious studies) and Limudei Chol (secular studies). Within both sections, educators build the skills necessary for the talmid to succeed in that discipline. In all areas there is a strong emphasis on research, higher order thinking skills and communication. Talmidim learn to respectfully and vigorously analyze texts amongst the traditional Jewish sources (Gemorah, Chumash, etc.) as well as secular sources (literature, historical documents, etc.). They are encouraged to speak and write their analytic thoughts and questions on these texts and class discussions. Talmidim who sincerely partake in the Mechina academic program acquire the tools to succeed in any further intellectual, academic or professional pursuit.

Graduation Requirements

The Mechina Senior High School of South Florida is a fully accredited, four year program. A student is required to complete at least 32 high school credits and attend a full class load every year. The following is a breakdown of the required credits:

- 4 English

Each student will receive one final grade per class at the end of the year. This grade will be comprised of a mid-term exam and a cumulative final exam (1/6 each) and four equally-weighted quarters, (1/6 each). Two points will be deducted for each absence, excused or not, after two absences per quarter. Please note that 3 tardies equal 1 absence, as per our attendance policy. Even if excused, student is responsible for all work and or tests missed. All excused absences must be approved by the principal. See page (14) of this handbook.

The Grade Point Average (GPA) will be calculated each semester and at the end of each year. GPA is calculated based on a 4.0 scale-where a 4 is the highest on the scale and a failing grade earns no points. The raw score is averaged and the semester or year GPA is expressed using the 4.0 scale. Three possible academic distinctions may be earned by each student based on his academic GPA (assuming he earned a B or above in all conduct/middos grades).

Exams, Mid-term Exams and Cumulative Final Exams

If a student will not be in attendance on the day of an in class exam, a mid-term exam or cumulative final exam, prior arrangements must be made in order to take a make-up exam on an alternate day. If any exam is missed, for any reason, excused or unexcused, and must be made up, ten points will be deducted from the exam grade.

Although we understand that the period of exams is challenging, it is of utmost importance to have full attendance and focus on what is being taught each class period. Students that neglect attendance of ANY class during the day of the week of exams will lose their right to take the exams. In addition, students are expected to be in school study hall on exam days even if they are exempt from taking the test.

- 1) **The “A” Team** – Student earned an “A” in every class
- 2) **The Dean’s List** – Student earned a 3.67 GPA
- 3) **The Honor Roll** – Student earned a 3.33 GPA

The percentages and points associated with each grade earned are the following:

A+	= 98-100%	4.00
A	= 92- 97%,	3.90
A-	= 90- 91%,	3.67
B+	= 88- 89%,	3.33
B	= 82- 87%,	3.00
B-	= 80- 81%,	2.67
C+	= 78- 79%,	2.33
C	= 72- 77%,	2.00
C-	= 70- 71%,	1.67
D+	= 68 - 69%,	1.33
D	= 65 - 67%,	1.00
F	= 0 - 64%,	0

With the demonstration of exceptional academic achievement, behavior and attendance, a student may be exempt from up to 2 final secular exams. All of the following criteria must be met before an exemption is granted:

- 1) An earned “A-” average in that class
- 2) No academic letter grade below a “C” in any class
- 3) No conduct/middos grade below a “B” in any class
- 4) Less than 3 unexcused absences on the year (per class) and 8 excused and unexcused combined.

TEXT BOOKS AND SEFARIM

Book lists and School calendars are made available prior to the start of the school year. The Mechina of South Florida requires its students to supply their own textbooks and sefarim. Textbooks can be purchased off Amazon, E-bay or other resale sites using the book’s ISBN. A sefarim fee is assessed per student, pending on his class requirements.

THE ROHR CAMPUS

The 2nd floor of the Mechina is divided into many dormitory suites, each with a private bathroom facility to accommodate high school talmidim who live at the school.

Dormitory counselors also live among the students. They provide counsel, monitor activities, and assist students in every way possible in accordance with the directives of the Rosh Mechina.

Also, on the 2nd level of our building are the library, computer room and science laboratory equipped with materials and equipment necessary for a sophisticated program in laboratory sciences and High School classrooms.

The first level of our school includes all of the junior high classrooms, the dining hall, and administrative offices. The physical education program is conducted in the area directly behind the school building, including basketball, soccer and playing fields; in a neighboring park; and occasionally at a private swimming pool.

INTERACTION WITH THE BEIS MEDRASH PROGRAM

The Mechina is located on the campus of the Yeshiva V'Kollel Beis Moshe Chaim, and the Rosh HaYeshiva, HaRav Yochanan Zweig, is directly involved with this program. The opportunity to interact with the older Beis Medrash bochurim and Kollel Yungeleit of the yeshiva is one of the highlights of the program. The Mechina talmidim review their daily learning with them every evening during night seder. The older bochurim make themselves available for extra-curricular sedorim. The time spent together helps form meaningful keshorim with them. This is essential to the young talmidim, especially those who find themselves far away from home.

Most meaningful are the Shabbosim spent by the Mechina talmidim together with the Kollel Yungeleit in their homes. There they share Divrei Torah and hear Mussar and Hashkafa from the Yungeleit. Singing and refreshments create a very heimishe ruach in a shabbosdik atmosphere. The Mechina talmid is able to feel at home, though away from home.

SCHOOL-HOME COMMUNICATIONS

At the Mechina, we believe that communication with parents is a vital element in our successful operation. Parents are contacted throughout the school year when necessary and are encouraged to contact us about any concern or interest relative to their son's well-being. We strive to develop an open dialogue between school and home that benefits the talmid and his learning. If there are any concerns please contact us immediately.

Report cards, newsletters, written notes and telephone calls are standard means of communication. Students receive commendation or deficiency interim reports halfway through each semester. This presents a general picture of where a student stands at that point. We do encourage visitations to our school and will be glad to arrange conferences with the administrators, rebbeim, or teachers. **We do ask, however, that parents call for appointments to assure that the party or parties with whom the conference is to be scheduled will be available on the desired day, at an agreed time.** No Parent may enter the school unescorted. Parent/Teacher Conference Days are scheduled twice a year. This is an opportunity for parents and the Rebbi/teacher to sit down and discuss the talmid's progress.

SPECIAL EVENTS

“Schmoozen”

Every second Friday the students are privileged to hear a “schmooze” from the Rosh HaYeshiva, shlit'a who presents original thoughts developed from the content of the weekly Sedra. On alternate Fridays and at seuda shlishis the students hear schmoozen from the Rosh Mechina and the Rebbeim.

Guest Lectures

As Miami is a popular destination throughout the winter months, it is frequented by many Rabbonim and dignitaries from all over the world. The Mechina frequently invites these individuals to speak. These inspirational talks serve to strengthen the talmidim and give them food for thought.

JUNIOR HIGH SCHOOL

Mishmar

On Wednesday evenings, the seventh and eighth grade talmidim participate in our Mishmar Program. Mishmar consists of geshmake learning followed by nosh, singing, ruach, etc. Although attendance is optional, we encourage all talmidim to join and take part in the Mishmar program.

In an effort to ease the travel burden of our talmidim and their parents, we rotate the Mishmar location between Miami Beach and North Miami Beach (locations to be announced). Needless to say, all of our talmidim are welcome to attend every mishmar regardless of the location.

Attending this special program not only creates achdus among classmates outside of a classroom setting, but it also gives the students the feeling that Torah study is not limited to class time only, rather, it is an integral part of life.

INTERNET/CELL PHONES

A form has been sent home to be filled out regarding internet access in your home. We must have that form on file in the Mechina before your son begins the school year.

If you have internet at home, you must have it password protected. If your son will be using it for educational purposes, it can only be done under the strict supervision of the parents. Use of internet outside of the home is strictly forbidden by the Mechina and we are expecting the parent(s) to enforce these rules. Students are not allowed to have Facebook, Twitter or any other Social Media accounts.

It is the Mechina's professional opinion that no student has access to internet or text messaging in or out of school. If the student displays a device that is capable of internet or texting, even off school grounds, it is the Mechina's prerogative to review that device. Furthermore, Mechina reserves the right to review any student's internet or similar activity.

The Mechina recommends that no student be allowed a personal cell phone. If the need for cell phone use arises, a family phone should be purchased to have available for occasional use. Cell phones are not allowed in Yeshiva. For Senior High, cell phones may be used for traveling and submitted to the office or dorm counselor for safe keeping during the school year.

CARPOOL

7th and 8th grade students:

The Mechina is aware of the difficulties that can accompany daily carpooling but it is imperative that students arrive on time to school. Students are expected to arrive in time to be ready for Shacharis at 7:45AM. Students must be picked up promptly Monday – Thursday at 5:45 PM, Friday at 2:00 PM and Sunday at 12:45 PM, unless otherwise noted on the schedule.

In-town 9th – 12th grade students

All students living in-town are expected to arrive at the Mechina in time to be ready for Shacharis which begins at 7:45AM.

Those students wishing to go home for dinner must understand that leaving is a privilege, not a right, and it is your responsibility to return to the Mechina on time to be ready for night seder which begins at 8:00 PM, promptly.

ATTENDANCE

All talmidim are required to attend each class every day. At the Mechina, we are committed to excellence in education. This of course cannot begin without proper attendance. Being absent or tardy to class clearly hampers our ability to teach and causes a tremendous disruption to the flow of the class and skills and content that are being taught. **Please make every effort to schedule all doctor/dentist appointments, etc. before or after school or during school breaks. Attendance of every single class is of the utmost importance.**

As we all know, making up work does not provide the same level of education as a classroom setting. If your son is absent or tardy, HE alone is responsible to get the material

he missed and communicate with his teacher(s) how to make up the work. Teachers may institute their own attendance policies with regard to make-up homework, quizzes and tests. This may include partial credit for an excused absence (i.e.: a sibling's out of town wedding) or the teacher may choose not to accept make-up work if the absence is unexcused.

Any bar mitzvah bochur who needs extra time to prepare must consult with the administration prior to being absent. An excused absence can only be considered when it is discussed in advance.

If, due to illness or other legitimate reasons, a talmid must miss class, prior permission is required from the Rosh Mechina or principal, exclusively, before the beginning of any given class. As well for in-towners, excused absences must be accompanied by a doctor's note or parent's phone call on the morning of a missed school day to verify illness or appointment. **If a student must leave school for any reason, proper permission must be obtained from the Rosh Mechina or Principal at the time the student is leaving school and must be signed out by a parent.**

The Mechina will not penalize the student for two excused absences per quarter. An excess of two absences constitutes 8% of the quarter attendance. **After two excused absences the student will lose two points from his quarter grade for each subsequent absence. An unexcused absence will result in two points being deducted on the first occurrence. Cutting class will result in an immediate suspension in addition to points deducted.** The administration understands that the school day is long and sometimes scheduling appointments during the day cannot be avoided, but please be aware of the consequences and plan accordingly. Any student who misses eight or more class per semester will not be credited for the semester. Any student who is absent eight or more times from any class over the course of one quarter will fail that class. Three tardies count as one unexcused absence. These tardies will also result in detention and a two point grade deduction.

Definitions:

Absence – not attending class, coming ten minutes late to class, or being out of class for more than ten minutes. Repetitive absences will warrant a parent conference and subsequent suspension.

Excused absence – permission given by the head of school or principal before the day of the absence. If student is sick, parent must call in the morning.

Unexcused absence – no permission given by the head of school or principal before the day of the absence from school.

Cutting – student attended school that day but did not attend class and did not receive proper permission.

SIMCHA CELEBRATIONS

7th & 8th Grade students attending Bar Mitzvah celebrations during the school year must leave the simcha in ample time to go to sleep at a reasonable hour. Students must be fully rested and on time for Shacharis the following morning in order to have a clear mind to learn.

HEALTH

Each parent must submit health forms that provide the Administration with the student's medical history in the form of a State of Florida Health Form, and a record of immunizations. Information regarding the student's health insurance must also be included. If a dorming student becomes ill, the dormitory supervisor is apprised of it and parents will be contacted if he must be seen by a medical professional. The school has various contacts in the medical field to provide proper medical attention as necessary.

BEIN HAZMANIM

Please review the calendar thoroughly. The Mechina expects parents to fully cooperate with arrangements that talmidim do not leave before vacation dates and that they return at prescribed dates and times.

IN CONCLUSION

Students are expected to conduct themselves as B'nei Torah at all times, i.e.: coming to and from school, on and off campus, weekdays, weekends and vacations. This includes how they dress, where they go, how they act and what they do at all time. Students should be aware that their actions are always being observed by the people around them. Every action they do can either cause a Kiddush Hashem (sanctifying Hashem) or Chillul Hashem (degrading Hashem). Thus, they have a responsibility to act with proper decorum befitting a Ben Torah and a yeshiva bochur. Students should be aware that Hashem is with them at all times.
